### O PROJEKTU

Grayscale Geopolitics je neovisna višjejezična geopolitička publikacija usmjerena na analizu globalnih struktura moći, strateških transformacija, međunarodnih odnosa te temeljnih, ali naizgled skrivenih sila koje oblikuju suvremenu globalnu dinamiku.

Utemeljen na konceptu „grayscale”, projekt promatra geopolitiku kao prostor složenosti, nejasnoća i promjenjivih utjecaja, a ne kao skup rigidnih binarnih suprotnosti. Analizira ne samo države i sukobe, već i ekonomske sustave, kulturne narative, meku moć i društvene transformacije koje redefiniraju međunarodni poredak.

Cilj nije pojednostaviti složenost svijeta, nego učiniti logiku globalnih promjena razumljivijom kroz kritički, analitički i multidisciplinarni pristup.

### SLOGAN

Izvan karata, izvan narativa — razumijevanje globalne moći u nijansama sive.

### OSNIVAČICA I GLAVNA UREDNICA

**Dr.sc. Sanja Vujačić**

Geopolitička analitičarka i politologinja. Njezin rad usmjeren je na globalne strukture moći, sistemske transformacije i analizu međunarodnih odnosa izvan pojednostavljenih narativa.
